

Curriculum Vitae

Eduardo Segarra
Department of Agricultural and Applied Economics
MS 42132, Texas Tech University
Lubbock, Texas 79409-2132

Date: December 2005
Telephone: 806-742-2821 (1099 Fax)
E-mail: eduardo.segarra@ttu.edu

Education and Training, Experience, Teaching Objectives, and Research Interests

Education

- B.A. - Economics, Universidad Autonoma de Nuevo Leon, 1979.
- M.S. - Agricultural Economics, University of Missouri-Columbia, 1982.
- Ph.D. - Agricultural Economics, Virginia Polytechnic Institute and State University, 1986.

Additional Professional Training

- Exploring Rural Studies: An Interdisciplinary Approach - National Rural Studies Committee Summer Institute, Cornell University, Summer 1993.
- ESCOP / ACOP Leadership Development Program - National Association of State Universities and Land-Grant Colleges, University of Arizona, 2002-2003.

Domestic Professional Experience

- Graduate Teaching Assistant. Department of Agricultural Economics, University of Missouri-Columbia. Agricultural Price Analysis - responsible for preparing and teaching discussion sessions, and grading homework and tests, January 1981 to May 1981.
- Graduate Research Assistant. Department of Agricultural Economics, Virginia Polytechnic Institute and State University. Conducted research on the productivity and environmental impacts of soil erosion, September 1982 to February 1986.
- Post-Doctorate Research Associate. Department of Agricultural Economics, Virginia Polytechnic Institute and State University. Conducted research on rural infrastructure investment decision-making and integrated pest management strategies, March 1986 to August 1986.
- Visiting Scholar. Natural Resource Economics Division of the Economic Research Service, United States Department of Agriculture. Conducted research on the impacts of multi-objective policy formulation on natural resource related issues, September 1986 to October 1987.
- Assistant Professor, Associate Professor, and Professor. Department of Agricultural and Applied Economics, Texas Tech University (51 % teaching) and Texas Agricultural Experiment Station - Lubbock, Texas A&M University (49 % research). Teach economic principles, price theory, production economics, operations research, international trade, and dynamic optimization. Advise and monitor the research of graduate and undergraduate students. Conduct research on production economics, natural resource economics, and domestic and international agriculturally related policies. Graduate Faculty status since January 1988. Awarded academic tenure in March 1992. Promoted to Associate Professor in September 1992. Promoted to Professor in September 1997. Favorable Post-Tenure Comprehensive Review in April 2003. Appointed Chairman in September 2005. November 1987 to present.
- Adjunct Faculty Member. Department of Agricultural Economics, Texas A&M University, October 1996 to August 2005.

International Professional Experience

International research activities and/or projects include: (a) monitoring the research activities of the Pakistan Agricultural Research Council; (b) economic feasibility of establishing a furniture manufacturing company in northern Brazil - a World Bank project; (c) evaluation of agricultural price policies and trade in Central America; (d) analysis and evaluation of research accomplishments at the International Potato Institute in Peru; (e) lectured on the use of sector analysis methodologies to staff members of the Ministry of Agriculture and supervised sector analysis projects under the Sistema de Informacion y Censo Agricola (SICA) project in Ecuador; (f) USDA evaluator and observer of progress of the GATT negotiations in Uruguay; (g) prospects for development of the Venezuelan economy; (h) lectured on production economics, natural resource economics, technology adoption, and international trade issues at Huazhong Agricultural University, Wuhan, China; and (i) projects in Mexico include: analysis and evaluation of NAFTA, management of the Laguna Seca Aquifer, land tenure and taxation policies in the Mexican agricultural sector, analysis and evaluation of agricultural price policies in both crop and livestock commodities, management of the Mexican external debt, and the potential role of fisheries in the future of Mexico.

Teaching Objectives

The primary objectives of my teaching program are to educate students about economic concepts applicable to decision-making and to motivate students to be able to learn on their own without being intimidated by complexity.

Research Interests

The main thrust of my research effort is that of improving farm level decision-making by the consideration of the impacts of emerging technologies, changes in public policy, and environmental and resource constraints that are likely to affect agricultural producers and society at large. My research ranges from applied farm level through purely disciplinary.

Views on Service

My overall view with respect to service activities is that of contributing toward the enhancement of the internal, external, and outreach missions of Texas Tech University and Texas A&M University at the departmental, college and university levels. My professional, academic and community service involvement tends to be task driven and consciously strive for it to be well focused and effective.

Administrative Experience

Served as Acting Chairman of the Department of Agricultural and Applied Economics, Texas Tech University in numerous occasions, September 1992 to August 2005.

Graduate Program Coordinator, Department of Agricultural and Applied Economics, Texas Tech University, September 2000 to August 2005.

ESCOP / ACOP Leadership Development Program, Assistant to the Dean -- College of Agricultural Sciences and Natural Resources, Texas Tech University, September 2002 - August 2003.

Chairman, Department of Agricultural and Applied Economics, Texas Tech University, September 2005 to present.

***Teaching, Graduate Committee Participation, Research Associate Direction,
Undergraduate Research Direction, and Undergraduate
and Graduate Student Advising***

(F -Fall Semester, S -Spring Semester, SI -First Summer Session, SII -Second Summer Session)

Courses Taught

- IS 1100: Tech Transition: Freshman Seminar -F93, F94, F95, F96.
AAEC 2305: Fundamentals of Agricultural and Applied Economics -S03, F03, S04, F04, S05, F05.
AAEC 3315: Agricultural Price Theory -S98.
AAEC 4100: Undergraduate Seminar -S01, F01.
AAEC 4306: Trade in Agricultural Products -S00.
AAEC 5100: Graduate Seminar -S89, F90, F91, F98.
AAEC 5301: Special Study in Agricultural Economics -SI91, SII91, F92, SII93, S96, SI96, S98, SII99, SI01, SII01, SII03, F04.
AAEC 5303: Advanced Production Economics -F88, F89, F90, F91, F92, F93, F94, F95, F96, F97, F98, F99, F00, F01, F02.
AAEC 5305: Operations Research in Agricultural Economics -S88, S90, S92, S93.
AAEC 5306: International Trade in Agricultural Products -S89, S91, SI91.
AAEC 6305: Dynamic Economic Optimization -S94, S95, S96, S97, S99.

Research Supervision and Guest Lecturer

- AAEC 2305: Fundamentals of Agricultural Economics (guest lecturer) -F92.
AAEC 3100: Undergraduate Seminar - F03, S04.
AAEC 3315: Agricultural Price Theory (guest lecturer) - SSI03.
AAEC 4000: Internship in Agricultural Economics -S98, SSI98, SSII98, F98, S99, SSI99, SSII99, F99, S00, SSI00, SII00, F00, S01, SSI01, SII01, F01, S02, SI02, SII02, S03, SI03, SII03, F03, S04, SI04, SII04, F04, S05, SI05, SII05, F05.
AAEC 4100: Undergraduate Seminar - S98, F98, S99, F99, S00, F00, S01, F01, S02, F02, S03.
AAEC 4101: Current Problems in Agricultural Economics - F99.
AAEC 4300: Agricultural Economics Methodology for Research and Management -F88, F89, F90, F91, F92, F94, F97.
AAEC 4301: Special Problems in Agricultural Economics -S89, S90, S91, S92, S93, S95, S98, S99, S03.
AAEC 4306: Trade in Agricultural Products (guest lecturer) -S01.
AAEC 4314: Advanced Production Management (guest lecturer) -S89.
AAEC 5310: Advanced Agricultural Marketing (inter-regional competition and spatial equilibrium analysis section) -S94.
AAEC 6000: Master's Thesis Research -S92, SI92, SII92, F92, S93, SI93, SII93, F93, S94, SI94, SII94, F94, S95, SI95, SII95, F95, S96, SI96, SII96, F96, S97, SI97, SII97, F97, S98, SI98, SII98, F98, S99, SI99, SII99, F99, SI00, SII00, F00, SI01, SII01, F01, S02, SI02, SII02, F02, S03, F03, S04, SI04, SII04, F04, S05, SI05, SII05.
AAEC 6301: Advanced Graduate Study -F93, S02.

- AAEC 7000: Master's Research Report -S94, SI94, SII94, F94, S95, F98, S99, S00, SI00, SII00, S01, F01, S02, F02.
- AAEC 8000: Doctor's Dissertation Research -S89, SI89, SII89, F89, S90, SI90, SII90, F90, S91, SI91, SII91, F91, S92, SI92, SII92, F92, S93, SI93, SII93, F93, S94, SI94, SII94, F94, S95, SII95, F95, S96, SI96, SII96, F96, SI97, SII97, SI98, SII98, F98, F99, S00, SI00, SII00, F00, S01, SI01, SII01, F01, S02, SI02, SII02, F02, S03, SI03, SII03, F03, S04, SI04, SII04, F04, S05, SI05, SII05, F05.

Chairman (Co-Chair*) of Graduate Student Committees (Total number of graduate students directed as Chairman/Co-Chairman - 23. Including: M.Ag. - 2, M.S.-J.D. Joint Degree - 1, M.S. - 9, and Ph.D. - 11)

Guy Alan Goar, M.S. in Agricultural Economics, Graduate Research Paper title "Optimum Strategies in Wheat Production and Winter Pasture Production," completed in 1990. Position taken - Agricultural and Applied Economist, NRW Transport, Co.

Ali Rosidi, Ph.D. in Agricultural Economics, Dissertation title "The Balance of Trade Constrained Growth in the Indonesian Economy," completed in 1991. Position taken - Agricultural Economist & Statistician, Secretariat of Agriculture, Indonesia.

Yinjie Feng, Ph.D. in Agricultural Economics, Dissertation title "Optimal Intertemporal Allocation of Groundwater for Irrigation in the Texas High Plains," completed in 1992. Selected as the *Gamma Sigma Delta* Outstanding Ph.D. student in the College of Agricultural Sciences, Texas Tech University, 1992-1993. Position taken - Assistant Professor, University of Texas at Dallas.

Mohamed R. Darwish, Ph.D. in Agricultural Economics, Dissertation title "Towards an Optimal Allocation for Egyptian Irrigation Water: An Economic Perspective," completed in 1992. Position taken - Assistant Professor, American University of Beirut, Lebanon.

Rodney Foster, Master of Agriculture, Agricultural Economics, completed in 1993. Position taken - Agricultural Loan Officer, First National Bank - Sweetwater, Texas.

Phillip N. Johnson,* Ph.D. in Agricultural Economics, Dissertation title "A Welfare Evaluation of Post Conservation Reserve Program Alternatives," completed in 1993. Selected as the *Gamma Sigma Delta* Outstanding Ph.D. student in the College of Agricultural Sciences, Texas Tech University, 1993-1994. Position taken - Assistant Professor, Texas Tech University.

Eric Moreland, Master of Agriculture, Agribusiness Management and Agricultural Economics, completed in 1994. Position taken - Agricultural and Applied Economist, Archer, Daniels & Midland Company.

Bambang Trihartanto, Ph.D. in Agricultural Economics, Dissertation title "Food Crop Diversification and Rice Self-Sufficiency: The Impact on Indonesian Farmers' Income," completed in 1994. Position taken - Assistant Professor, Perbanas School of Economics, Indonesia.

Teresa Glover,* M.S. in Agricultural Economics, Thesis title "An Economic Analysis of Waste Management for Texas Cattle Feedlots -- An Analysis of System Alternatives and Policy Implications," completed in 1994. Position taken - Agricultural and Applied Economist, Economic Research Service, United States Department of Agriculture.

Bobby Stanaland,* M.S. in Agricultural Economics, Graduate Research Paper title "An Analysis of Producer Participation in the Texas Agricultural Water Conservation Loan Program," completed in 1994. Position taken - Agricultural and Applied Economist-Extension, Texas A&M University.

Marty R. Middleton, M.S. in Agricultural and Applied Economics, Thesis title "The Economics of Plant Stress Reduction Through Biotechnology: An Application to the Northern Plains Region of Texas," completed in 1996. Position taken - Instructor, Texas Tech University.

Jason L. Johnson, Ph.D. in Agricultural and Applied Economics, Dissertation title "The Economic and Environmental Implications of Feedlot Manure Utilization in the Texas High Plains," completed in 1996. Position taken - Assistant Professor, Texas A&M University.

Marc Michaud, M.S. in Agricultural and Applied Economics, Thesis title "The Economic Impacts of the Texas Wine and Wine Grape Industry in the State's Economy," completed in 1997. Position taken -

Agricultural and Applied Economist, National Agricultural Statistical Service, United States Department of Agriculture.

Talah S. Arabiyat, M.S. in Agricultural and Applied Economics, Thesis title “Agricultural Sustainability in the Texas High Plains: The Role of Advanced Irrigation Technology and Biotechnology,” completed in 1998. Position taken - Ph.D. studies in Economics, Texas Tech University.

Wade Polk, M.S. in Agricultural and Applied Economics, Thesis title “Selected Economic Impacts of the Red Imported Fire Ant in Texas,” completed in 1999. Position Taken - Agricultural and Applied Economist, DTN Network.

Jingwei Wei, M.S. in Agricultural and Applied Economics, Thesis title “Evaluation of the Impact of Technological Progress on Cropland Values,” completed in 2000. Position taken - Ph.D. studies in Business Administration, Boston College.

Man Yu, Ph.D. in Agricultural and Applied Economics, Dissertation title “Economic and Environmental Evaluation of Precision Farming Practices in Irrigated Cotton Production,” completed in 2000. Position taken - Assistant Professor, Tarleton State University.

Heather Jacobson, M.S. - J.D. Program, M.S. in Agricultural and Applied Economics - Jurisprudence Doctorate joint Program, completed in 2002. Position taken - Private Law Practice and Consulting, Casper, Wyoming.

Susan Watson, Ph.D. in Agricultural and Applied Economics, Dissertation title “The Economics of Precision Farming in the Texas High Plains,” completed in 2002. Position taken - Assistant Professor, University of Louisiana at Monroe.

Naveen Musunuru, Ph.D. in Agricultural and Applied Economics, Dissertation title “Potential Economic Benefits of Adjusting Dryland Cropping Practices Based on Seasonal Rainfall Expectations,” completed in 2003. Position taken - Assistant Professor, University of Louisiana at Monroe.

Erin Wheeler,* M.S. in Agricultural and Applied Economics, Thesis title “Policy Alternatives for the Southern Ogallala Aquifer: Economic and Hydrologic Implications,” completed in 2005. Recipient of the 2005 Southern Agricultural Economics Association M.S. Thesis Honorable Mention. Position taken - Ph.D. studies in Agricultural and Applied Economics, Texas Tech University.

Teresa Dutch-Carvalho,* Ph.D. in Agronomy – Minor in Agricultural and Applied Economics, Dissertation title “WW-B. Dahl Old World Bluestem (*Bothriochloa bladhii*) in Integrated Crop-Livestock Systems for the Texas High Plains,” completed in 2005. Position taken - Post doctoral Research Associate, Department of Agricultural and Applied Economics, Texas Tech University.

Raghu Kulkarni, Ph.D. in Agricultural and Applied Economics, Dissertation title to be determined, expected completion in 2006.

Member of Graduate Student Committees (Total number of graduate students committees served - 61: M.S. - 40, and Ph.D. - 21)

- Agricultural and Applied Economics/Agricultural Economics (Total number - 39)
 - M. Ag. - (4) - Dannovan Hill, 1993; Chrissy Miles, 1996; Becky Baylor, 1996; and Hope Floeck, 2000.
 - M.S. - (23) - James R. Fuller, 1988; James R. McBee, 1989; Charles K. Brinkley, 1989; Scott Mack, 1990; Kevin Hurt, 1990; Steven B. Paz, 1991; Jere Lomthunzi, 1993; Jeffrey E. Brown, 1993; D. Craig Blackwell, 1993; Mario Fernando Lopez Olaciregui, 1996; Aubrey P. Haynes, 1996; Cumhur Buguk, 1996; Kolado Bocoum, 1996; Brent McPeek, 1997; April Clark, 1998; Mark Castleberry, 1998; Bonnie Terrell, 1998; Toby Dunn, 2000; Jason Blackshare, 2001; Sammy Renteria, 2003; Jay L. Youngblood, 2003; Justin Baker, 2005; Rebekka Martin, 2005; Andrew Boyd, in progress; and Ginger Sides, in progress.
 - Ph.D. - (12) - Jun-Vae Lee, 1988; Lapodini Atouga, 1988; Godfrey Chima Ejimakor, 1989; Ping Zhang, 1991; Ajmal Shah, 1993; Salam Memon, 1993; Chaw Wayoopagtr, 1995; Ma Cho, 1996; Darren Hudson, 1997; Lal K. Almas, 1999; Jeffrey Johnson, 2003; and Das Biswaranjan, 2004.

- Economics (Total number - 2)
–Ph.D. - (2) - Oguz Ozsahin, 2000; and Ozlem Ozdemir, 2000.
- Agronomy/Plant and Soil Sciences (Total number - 13)
–M.S. - (10) - Kerry Siders, 1989; Hla Kyauk, 1990; C. Gary Henniger, 1990; Mark Logan, 1991; Scott Asher, 1998; Mark Arnold, 1999; Alan L. Helm, 2002; Kenneth M. (Marty) McCormick, 2005; and Cody L. Jones, in progress.
–Ph.D. - (4) Kenny D. Melton, 1998; D. Alan Peters, 2003; LeAnna Lyon, 2004; and Wen Xuan Guo, 2005.
- Entomology (Total number - 4)
–M.S. - (3) - Elizabeth Ann Bodden, 1997; Ram Babu Shrestha, 2004; and P. Latha Bommireddy, 2004.
–Ph.D. - (1) - Edsel D. Bynum, Jr., 2003.
- Range and Wildlife Management (Total number - 1)
–Ph.D. - (1) - Francisco Javier Gonzalez-Gonzalez, in progress.
- Animal Science (Total number - 1)
–M.S. - (1) - Gustavo Palacio, 1994.
- Interdisciplinary Engineering (Total number - 1)
–Ph.D. - (1) - Mukaddes Darwish, 1998.

Graduate School Representative at Ph.D. Dissertation Defenses (Total number - 13)

- Randy Lloyd, Ph.D. in Agronomy, Dissertation title "Weed Management in Conservation Tillage Systems," completed in 1990.
- Jane Dever, Ph.D. in Agronomy, Dissertation title "Relative Fiber Uniformity Between Parent, First Filiall and Second Filiall Generations in Cotton," completed in 1990.
- Charles Edward Aulbach II, Ph.D. in Park Administration and Landscape Architecture, Dissertation title "Detecting, Evaluating and Monitoring Land Use Change on the Southern High Plains of Texas," completed in 1991.
- David Hugh Kattes, Ph.D. in Agronomy, Dissertation title "A Comparison of Two Cotton Seed Delinting Methods with Respect to Planting Seed Quality," completed in 1992.
- Ilho Shong, Ph.D. in Economics, Dissertation title "The Earnings Gap Between Female Dominated and Other Occupations for Career Women," completed in 1993.
- Jose Carlos Villalobos, Ph.D. in Range Science, Dissertation title "Effects of Protein Supplementation on Steers Grazing Dormant Tobosa Grass," completed in 1994.
- Jiang-Ming Wu, Ph.D. in Business Administration, Dissertation title "Maximum Likelihood Estimation in the Random Coefficient Regression Model Via the EM Algorithm," completed in 1995.
- Burak Gunalp, Ph.D. in Economics, Dissertation title "A Simultaneous Equation Analysis of Market Structure, Conduct and Performance: New Evidence from the U.S. Manufacturing Industries," completed in 1997.
- Anne Marie Macey, Ph.D. in Economics, Dissertation title "The Impact of Pharmaceutical Mergers on Economic Agents," completed in 1998.
- James M. Mueller, Ph.D. in Wildlife Management, Dissertation title "Effect of the Red Imported Fire Ants on Reproduction, Health, and Survival of Northern Bobwhites," completed in 1999.
- Ozkan Ozfidan, Ph.D. in Economics, Dissertation title "The Effects of Antitakeover Provisions on Managerial Performance," completed in 2000.
- Khalid B. Al-Hmoud, Ph.D. in Economics, Dissertation title "The Effects of Privatization on Efficiency: The Case of Mexico's Commercial Banks," completed in 2002.

- Talah S. Arabiyat, Ph.D. in Economics, Dissertation title “Asset Pricing and Yield Spreads in the Commodity Spot and Future Markets,” completed in 2003.

Research Associates Directed (Total number - 6)

- **Carlos F. Engels.** Project: Government Intervention in the Mexican Livestock Sector. Period: October 1988 - September 1989.
- **Christopher Gwinn.** Project: Biologic and Economic Assessment of Pesticide Use in Sorghum Production. Period: October 1992 - December 1994.
- **Mohamed R. Darwish.** Project: Integration of Crop Production with Municipal Wastewater Disposal. Period: June 1993 - August 1993.
- **Teresa P. Glover.** Project: An Economic Analysis of Waste Management for U.S. Livestock Producers: System Alternatives and Policy Implications. Period: December 1994 - December 1998.
- **Steve Teal.** Project: Economic Impacts of the Red Imported Fire Ant in Texas: The Search for Economically Feasible Solutions. Period: September 1997 - August 1999.
- **Lal K. Almas.** Project: Evaluation of High Frequency Cotton Irrigation for Planned Soil Water Depletion with LEPA and Drip Systems. Period: June 1998 - August 1998.

Undergraduate Senior Research Papers Directed (Total number - 11)

- **Kenneth Hill,** B.S. in Agricultural Economics, Research Paper title "Economic Feasibility of Converting an Existing Center Pivot Irrigation System to a Low Energy Precision Application Center Pivot Irrigation System in Hockley County, Texas," completed in 1989.
- **John R. Harrell,** B.S. in Agricultural Economics, Research Paper title "A Benefit-Cost Analysis of Implementing Furrow Diking in Dryland Cotton on the High Plains of Texas," completed in 1990.
- **Stephen L. K. Njuka,** B.S. in Agricultural Economics, Research Paper title "An Analysis of the Kenyan Agricultural Industry: Supply and Demand for Maize and Wheat," completed in 1991.
- **Charley M. Triplett,** B.S. in Agricultural Economics, Research Paper title "Economics of Conservation Tillage with Low Energy Precision Application Irrigation," completed in 1991.
- **Ellen J. Foster,** B.S. in Agricultural Economics, Research Paper title "The Impacts of the United States-Mexico Free Trade Agreement on the Texas Cattle Industry," completed in 1992.
- **Rodney G. Foster,** B.S. in Agricultural Economics, Research Paper title "Economic Analysis of High Frequency Irrigation," completed in 1992.
- **Lance Barnett,** B.S. in Agricultural Economics, Research Paper title "Design of a Methodology to Evaluate Vegetable Production Comparative Advantage Between Mexico and the U.S.," completed in 1993 (Garcia-Robles Fulbright Fellowship for Study Abroad at the Universidad Autonoma de Guanajuato, Guanajuato, Mexico and conducted research at the Instituto Nacional de Investigaciones Forestales y Agropecuarias at Celaya, Guanajuato, Mexico).
- **Allen Hoelscher,** B.S. in Agricultural Economics, Research Paper title "Economic Impacts of Wind Sheltering in Cotton Production in the Texas High Plains," completed in 1995.
- **Toby Rogers,** B.S. in Agricultural Economics, Research Paper title "Protein Level Reliability of Cattle Feeding Rations: An Application to the Texas High Plains," completed in 1995 (fourth place in the Student Section-Presented Paper competition at the 1995 meeting of AAEA).
- **Kirstie A. Moates,** B.S. in Agricultural and Applied Economics, Research Paper title "A Study of the Economic Impact of the Red Imported Fire Ant on the Cattle Industry in Texas," completed in 1998.
- **Jason Staver,** B.S. in Agricultural and Applied Economics, Research Paper title “The Determination of the Least Cost Alternative for Corn Harvesting in the Texas High Plains,” completed in 1999.

Graduate and Undergraduate Student Advising

- As the Graduate Program Coordinator for the Department of Agricultural and Applied Economics served as the temporary advisor of all incoming graduate students, September 2000 to August 2005.
- Advise and monitor the progress of 20 to 25 undergraduate students in a continuing basis.

Undergraduate Student Internship Direction

As supervisor of the Internship Program for the Department of Agricultural and Applied Economics from January 1998 to December 2005, directed and evaluated the internship programs of 78 undergraduate students:

Spring 1998 (2): Brad F. Gruner, Bayer Corporation, Amarillo, Texas; and Jason T. Gandy, Wilson State Bank, Wilson, Texas.

Summer 1998 (10): Jason s. Merry, Beamore Farms, Fillmore, California; Jason C. Staver, IBP Corporation, Garden City, Kansas; Chett L. Woodul, Consolidated Cotton Gin, Lubbock, Texas; Steven R. White, Mark Scott-Crop Consulting, Lubbock, Texas; Shauna L. Swink, Crosbyton Seed Co., Crosbyton, Texas; Jessica Monroe-Smith, Garst Seed Co., Amarillo, Texas; L. Brent Martin, Wilbur-Ellis, Lubbock, Texas; Kevin Kuper, Continental Grain - Cattle Feeding Division, Stratford, Texas; Robby W. Harrison, XIT Feeders, Dalhart, Texas; and Kendra Isom-Burris, Zeneca, Idalou, Texas.

Fall 1998 (4): Ashley Graves, Convention and Tourism Bureau of Lubbock, Lubbock, Texas; Joan Milligan, Sumaria Systems, Dayton, Ohio; Kim J. Holscher, 1st. Texas Federal Land Bank, Lubbock, Texas; and Frank S. Baumann, III, Del Monte Fresh Produce, Plano, Texas.

Spring 1999 (2): Drew DeBerry, State House of Representatives - Robert Duncan, Austin, Texas; and Johnathan Green, The Machine Shop, Roswell, New Mexico.

Summer 1999 (4): Jamie Rocha, Stamps Spraying Service, Inc., Panhandle, Texas; Justin Hodge, U.S. Congress - Larry Combest, Washington, D.C.; Blaine Rotramell, Continental Grain, Panhandle, Texas; and Regan Grimes, Jeld-Wen, Inc., Temple, Texas.

Fall 1999 (3): Geoff Haney, U.S. Senate - Kay Bailey Hutchison, Washington, D.C.; Clay Blair, Zeneca, Idalou, Texas; and Todd Stratley, DTN Cotton Network, Lubbock, Texas.

Spring 2000 (3): Marlena Adamek, Plains Cotton Growers Association, Lubbock, Texas; William C. Collier, T&K Dairy, Snyder, Texas; and Jeremy Louder, HF&F Feeders, Wolfforth, Texas.

Summer 2000 (2): Keri Weid, Archer, Daniels & Midland, Co., Cedar Rapids, Iowa; and Phil Peabody, Wilbur-Ellis, Co., Farwell, Texas.

Fall 2000 (2): Andrew Boyd, National Association of Grain Sorghum Producers, Lubbock, Texas; and Blair Lang, Plains National Bank - Financial, Lubbock, Texas.

Spring 2001 (3): Lauri Vaughn, U.S. Congress - House Committee on Agriculture, Washington, D.C.; Jana Howe, U.S. Congress - Charles Stenholm, Washington, D.C.; and Brandon Lipps, U.S. Congress - Lamar Smith, Washington, D.C.

Summer 2001 (6): Carmen Haworth, U.S. Congress - House Committee on Agriculture, Washington, D.C.; Katie Yates, Monsanto, Memphis, Tennessee; Joshua Burris, Pioneer Hybrid Seed Co., Garden City, Kansas; Russ Hodges, TTU Crop Physiology, Lubbock, Texas; Andrew McMurry, First National Bank of Abilene, Abilene, Texas; and Shane Tomlin, Roscoe State Bank, Roscoe, Texas.

Fall 2001 (1): Michelle Fisher, U.S. Senate - Kay Bailey Hutchison, Washington, D.C.

Spring 2002 (2): Heidi Adams, U.S. Senate - Pete Domenici, Washington, D.C., Matthew S. Schertz, U.S. Congress - House Committee on Agriculture, Washington, D.C.

Summer 2002 (5): Casey Barrett, State National Bank, Lubbock, Texas; Bryan Benson, Monsanto, Memphis, Tennessee; Brent Carson, U.S. Congress - Kevin Brady, Washington, D.C.; Ginger Sides, U.S. Senate - Kay Bailey Hutchison, Washington, D.C.; and Ollie Williams, Ranch Real Estate, San Angelo, Texas.

Spring 2003 (3): Dustin Miller, TTU - Agricultural and Applied Economics, Lubbock, Texas; Candence Royal, U.S. Congress - Lamar Smith, Washington, D.C.; and Katherine Baggerman, State House of Representatives - David Swinford, Austin, Texas.

Summer 2003 (3): Jeffrey Graham, Forbes Show Cattle, Tahoka, Texas; M. Joseph Collins, Archer, Daniels & Midland Co., Lubbock, Texas; and Jessica Price, U.S. Senate - John Cornyn, Washington, D.C.

Fall 2003 (4): Richard B. Moore, U.S. Congress - Charles Stenholm, Washington, D.C.; M. Joseph Collins, Archer, Daniels & Midland Co., Lubbock, Texas; Stacy Hinderliter, National Grain Sorghum Producers Association, Lubbock, Texas; and Kayla Hines, Ag. Texas - Farm Credit Services, Lubbock, Texas.

Spring 2004 (4): Craig T. Harman, National Grain Sorghum Producers Association, Lubbock, Texas; Kayla Hines, Ag. Texas - Farm Credit Services, Lubbock, Texas; Brian C. Lehrmann, U.S. Congress - Kay Granger, Washington, D.C.; and Charles E. Wilson, U.S. Congress - Randy Naeugebauer, Washington, D.C.

Summer 2004 (2): Audrey Hensley, Rousseau Farming Company, Tolleson, Arizona; and Sarah Blessing, Agri-Search, Inc., Plainview, Texas.

Fall 2004 (1): Alyssa Irlbeck, Morgan Stanley, Lubbock, Texas.

Spring 2005 (3): Scott Graves, U.S. House Committee on Agriculture, Washington, D.C.; Daniel C. Hardin, Berry Ranch, Eunice, New Mexico; and Kyle Kight, Iden Farms, Bigh Spring, Texas.

Summer 2005 (7): Andrew D. Carthel, Texas Cooperative Extension - IPM Internship Program, Farwell, Texas; Chris E. Cogburn, National Grain Sorghum Producers Association, Lubbock, Texas; Kinsey L. Cumba, First National Bank of Baird, Baird, Texas; Weston D. Harding, REMAX Real State, Lubbock, Texas; Joshua T. Kute, AIRTITE Window Manufacturing, Abilene, Texas; Tobin C. Ellison, U.S. House Committee on Agriculture, Washington, D.C.; and Brett J. Schniers, Twin Farms, Inc., San Angelo, Texas.

Fall 2005 (2): Tobin Ellison, U.S. House Committee on Agriculture, Washington, D.C.; and Jessica Neitsch, U.S. Congress - Mike Conaway.

Teaching Evaluation Summary (courses for which evaluations were conducted)

Undergraduate Courses
IS 1100 Class (freshman Transition Seminar)

Percent of Students in Segarra's IS1100 Sections Answering the Question

<u>Term</u>	<u>I would recommend IS1100 to others</u>	<u>I would recommend my instructor</u>
Fall 1993 (23) ^a	95.45	100.00
Fall 1994 (25)	100.00	100.00
Fall 1995 (24)	95.45	95.45
Fall 1996 (22)	100.00	100.00

Percent of Students in Segarra's Undergraduate Courses Evaluating the Overall Quality of the Course

<u>Course</u>	<u>Term</u>	<u>Excellent</u>	<u>Good</u>	<u>Fair</u>	<u>Poor</u>
AAEC 2305 ^b	Spring 2003 (51)	Overall rating of course as a learning experience 4.03 out of 5.00			
AAEC 2305	Fall 2003 (47)	Overall rating of course as a learning experience 4.18 out of 5.00			
AAEC 2305	Spring 2004 (57)	Overall rating of course as a learning experience 4.05 out of 5.00			
AAEC 2305	Fall 2004 (37)	Overall rating of course as a learning experience 4.28 out of 5.00			
AAEC 2305	Spring 2005 (41)	Overall rating of course as a learning experience 4.22 out of 5.00			
AAEC 2305	Fall 2005 (34)	Overall rating of course as a learning experience 4.00 out of 5.00			
AAEC 3315	Spring 1998 (59)	52.00	40.00	8.00	0.00
AAEC 4306	Spring 2000 (60)	71.40	23.80	2.40	2.40
AAEC 4100	Spring 2001 (31)	78.60	00.00	7.10	14.30
AAEC 4100	Fall 2001 (16)	Overall rating of course as a learning experience 5.00 out of 5.00			

Graduate Courses

Percent of Students in Segarra's Graduate Courses Evaluating the Overall Quality of the Course

<u>Course</u>	<u>Term</u>	<u>Excellent</u>	<u>Good</u>	<u>Fair</u>	<u>Poor</u>
AAEC 5100	Fall 1998 (5)	75.00	25.00	00.00	00.00

AAEC 6305	Spring 1999 (5)	25.00	75.00	00.00	00.00

^a Number in parenthesis represents the number of students taking the course

^b A new course evaluation form was adopted in Fall 2001

Awards and Distinctions

- Outstanding Masters Thesis, Department of Agricultural Economics at the University of Missouri-Columbia, Columbia, Missouri, September 1982. "An Analysis of Mexican Agricultural Price Policies: The Inclusion of Cross-Commodity Effects." Selected as the departmental entry for the AAEA annual M.S. Thesis competition.

- Kellogg Foundation Fellow, XIX International Conference of Agricultural Economists, Malaga, Spain, August 1985.
- Outstanding Ph.D. Dissertation, Department of Agricultural Economics at Virginia Polytechnic Institute and State University, Blacksburg, Virginia, October 1986. "A Dynamic Analysis of the Crop Productivity Impacts of Soil Erosion: An Application to the Piedmont Area of Virginia." Selected as the departmental entry for the AAEA annual Ph.D. Dissertation competition.
- Certificate of Appreciation for Participation in the Texas Tech University Libraries Annual Faculty and Staff Book Exhibit, Lubbock, Texas, March 1988.
- Certificate of Appreciation for Contributions to the "Seminario Sobre los Comportamientos de los Acuíferos Subterráneos," the City of San Luis de la Paz, Guanajuato, Mexico, July 1988.
- Texas Tech University Ex-Students Association's Outstanding New Faculty Award, Lubbock, Texas, April 1990.
- Outstanding Service to the Agricultural Economics Association, Department of Agricultural Economics, Texas Tech University, Lubbock, Texas, April 1991.
- Certificate of Appreciation for Service to the Asociación Nacional de Especialistas en Ciencias Avícolas de México, A.C., Mexico City, Mexico, September 1993.
- Outstanding Service to the Universidad Autónoma de Chapingo, Unidad Regional Universitaria de Zonas Áridas, Bermejillo, Durango, Mexico, June 1994.
- 1994 United States Department of Agriculture National Superior Service Team Award for Scientific Research, Washington, D.C., September 1994.
- Mortar Board, Texas Tech University - Apple Polishing Award for Teaching, November 1994.
- Outstanding Professor of the Year, AECO Graduate Student Association, Department of Agricultural Economics, Texas Tech University, Lubbock, Texas, December 1995.
- Outstanding Contributions as a Member of NAPIAP's Grain Sorghum Assessment Team, United States Department of Agriculture, Washington, D.C., March 1996.
- President's Academic Achievement Award, Texas Tech University, Lubbock, Texas, April 1997.
- Outstanding Contributions to "Semana Internacional de Intercambio Académico del Centro Universitario de los Altos y las Universidades de Costa Rica y Texas Tech." Universidad de Guadalajara, Centro Universitario de los Altos, Tepatitlan, Jalisco, Mexico, July 1997.
- Teaching Academy Award for Meritorious Teaching Activities, Texas Tech University, Lubbock, Texas, December 1997.
- 1998 Vice Chancellor's Award in Excellence for Research, Off-Campus, Texas A&M University, College Station, Texas, January 1999.
- Outstanding Service and Contributions to the Southern Agricultural Economics Association Award as President 1998-1999, Memphis, Tennessee, February 1999.
- Outstanding Professor of the Year, Graduate Student Association, Department of Agricultural and Applied Economics, Texas Tech University, Lubbock, Texas, November 1999.
- Outstanding Service and Contributions to the Southern Agricultural Economics Association Award as an Officer 1995-2000, Lexington, Kentucky, February 2000.
- College of Agricultural Sciences and Natural Resources Outstanding Researcher - 1999, Texas Tech University, Lubbock, Texas, April 2000.
- Outstanding Faculty Member Award, Agricultural Economics Association, Department of Agricultural and Applied Economics, Texas Tech University, Lubbock, Texas, May 2000.
- Certificate of Appreciation for Economics-related Research Efforts at the Western Peanut Growers Research Farm, Western Peanut Growers Association, Inc., Denver City, Texas, September 2000.
- Inducted into the Teaching Academy - Texas Tech University, Lubbock, Texas, April 2001.
- Outstanding Service to the Agricultural Economics Association Award, Department of Agricultural and Applied Economics, Texas Tech University, Lubbock, Texas, April 2002.
- American Agricultural Economics Association National Outstanding Chapter Award - Advisor, Agricultural Economics Association, Department of Agricultural and Applied Economics, Texas Tech University, Long Beach, California, July 2002.

- Award for Leadership and Service to the American Agricultural Economics Association Foundation as Board Member and President 2000-2003, Montreal, Canada, July 2003.
- College of Agricultural Sciences and Natural Resources Service and Outreach Award - 2005, Texas Tech University, Lubbock, Texas, August 2005.
- Outstanding Professor of the Year, Graduate Student Association, Department of Agricultural and Applied Economics, Texas Tech University, Lubbock, Texas, November 2005.
- Teacher of the Semester in the College of Agricultural Sciences and Natural Resources - Fall 2005, Student Agricultural Council, Texas Tech University, Lubbock, Texas, December 2005.

Honors

- Member of Gamma Sigma Delta, The Honor Society of Agriculture.
- Member of Sigma Xi, The Honorary Scientific Research Society.
- Member of the Honor Society of Phi Kappa Phi.
- Member of Phi Beta Delta, The Honor Society for International Scholars.
- Associate member of the International Center of Arid and Semi-Arid Land Studies, Texas Tech University.
- Research Associate, Center for the Study of Economic and Industrial Development, Department of Economics and Geography, Texas Tech University.
- Mace Bearer - Spring 2002 Graduation Ceremony, Texas Tech University.
- Virginia Polytechnic Institute and State University's (Virginia Tech) representative at Dr. Jon Withmore's Inauguration as Texas Tech University's 14th President.

Professional Affiliations

- American Agricultural Economics Association.
- International Association of Agricultural Economists.
- Northeastern Agricultural and Resource Economics Association.
- Southern Agricultural Economics Association.
- TeXas Economists.
- Western Agricultural Economics Association.

Participation in Professional Organizations

Regional

- Member of the Southern Region Technical Committee on International Agricultural Trade S-224, 1987-1993.
- Member of the Evaluation of International Markets for Southern Commodities Committee S-256, 1993-2000.
- Member of the Economic and Environmental Implications of Expiring Conservation Reserve Contracts Committee NC-214, 1994-1999.
- Member of the Graduate Student Distinguished Professional Contributions Committee, Southern Agricultural Economics Association, 1988-1991.
- Member of the Editorial Council of the Journal of Agricultural and Applied Economics (formerly, Southern Journal of Agricultural Economics), 1991-1994.
- Member of the Teaching Award Committee, Southern Agricultural Economics Association, 1993-1994.
- Texas Tech University and Texas A&M University representative in the Great Plains Agricultural Council, Economics Committee, 1993-1995.

- Member of the Southern Extension and Research Activity - Agroecosystems Conference -Organizing Committee, Southern Association of Agricultural Experiment Station Directors, 1994.
- Second Vice-President - Elect, Southern Agricultural Economics Association, 1995-1996.
- First Vice-President - Elect, Southern Agricultural Economics Association, 1996-1997.
- President - Elect, Southern Agricultural Economics Association, 1997-1998.
- President, Southern Agricultural Economics Association, 1998-1999.
- Past-President, Southern Agricultural Economics Association, 1999-2000.

National

- Member of the Nominating Committee, American Agricultural Economics Association, 1989-1990.
- Member of the Membership Committee, American Agricultural Economics Association, 1989-1993.
- Vice-President, Gamma Sigma Delta, The Honor Society of Agriculture, Texas Tech University Chapter, 1991-1992.
- President, Gamma Sigma Delta, The Honor Society of Agriculture, Texas Tech University Chapter, 1992-1993.
- Past-President, Gamma Sigma Delta, The Honor Society of Agriculture, Texas Tech University Chapter, 1993-1994.
- Member of the Task Force on Recommendations for Commodity Costs and Returns and Measurement Methods, American Agricultural Economics Association, 1992-1998.
- Member of the Ad-Hoc Committee on Professional Relations with Cuba, American Agricultural Economics Association, 1994-1995.
- Member of the Distinguished Policy Contribution Committee, American Agricultural Economics Association, 1994-1997 (Chair 1996-1997).
- Vice-Chairman (Panel Discussion Presentation Organizer), 1997 Beltwide Cotton Economics and Marketing Conference, National Cotton Council of America, 1996-1997.
- Chairman, 1998 Beltwide Cotton Economics and Marketing Conference, National Cotton Council of America, 1997-1998.
- Editor - Economics and Marketing Section, Journal of Cotton Science, 1997-2000.
- Member of the Planning Committee for the Southern Association of Agricultural Scientists Centennial Plenary Program –A Successful Past & Promising Future, 1998-1999.
- Member - Elect, American Agricultural Economics Association Foundation Governing Board, 2000-2003.
- Vice-President for Programs, American Agricultural Economics Association Foundation, 2000-2001.
- President, American Agricultural Economics Association Foundation, 2001-2002.
- Past-President, American Agricultural Economics Association Foundation, 2002-2003.
- Member of the Finance Committee, American Agricultural Economics Association Foundation, 2002-2003.
- Topic Leader Coordinator - Productivity Analysis and Emerging Technologies Sections for the 2005 American Agricultural Economics Association meetings, 2004-2005.

International

- Rapporteur of the Balancing Overproduction and Malnutrition Discussion Group at the XIX Conference of the International Association of Agricultural Economists, August 26 - September 5, 1985, Malaga, Spain.
- Chairperson of "The Role of Technology: Making Agriculture Competitive in the 21st Century" Discussion Group at the XXII Conference of the International Association of Agricultural Economists, August 22-29, 1994, Harare, Zimbabwe.
- Member of the Advisory Board of the Oman Journal of Agricultural Sciences published by Sultan Qaboos University, Sultanate of Oman, 1994-2000.
- Evaluator of nominations for the research award "Premio de Investigacion UANL," Universidad Autonoma de Nuevo Leon, Monterrey, Mexico, 1995 and 1996.

- Member of the Organizing Committee for the XXIII Conference of the International Association of Agricultural Economists, 1997, Sacramento, California, 1995-1997.
- Member of the Agri-Systems Research and Extension Network of North America (ARENNA), 1995-1999.
- External reviewer, Ph.D. Dissertation in Commerce - “An Economic Evaluation of the Impact of Service Area Approach on Farm Economy - A Micro Study” by Kshiti Bhusan Das, Utkal University, Vani Vihar, Bhubaneswar, India, June 1996.
- Member of the Agriculture and Sustainable Development - Rapid Response Team, Texas International Education Consortium, 1997-2001.
- Council Member - Elect, International Association of Agricultural Economists Council -- U.S. Representative, 1999-2004.
- Chair - U.S. Council, International Association of Agricultural Economists Council, 2002 -2004.

Other Service

- Reviewer of research proposals submitted to: the Chesapeake Bay Executive Council; the Economic Research Service, United States Department of Agriculture; the Southern Region United States Department of Agriculture Sustainable Agriculture Research and Education Program; the Southern Region United States Department of Agriculture Environmental Protection Agency - Agriculture in Concert with the Environment Program; the United States Department of Agriculture National Research Initiative Research Program (panel member and reviewer 1994, 2001, and 2005; reviewer 1995, 1996, 1997, 1998, 1999, 2000, 2002, 2003 and 2004); the College of Agricultural Sciences, University of Delaware; the Seed Grant Program, Texas Tech University; the International Cotton Research Center, Texas Tech University; and the International Fund for Agricultural Development of the United Nations.
- External reviewer of dossiers of faculty members being considered for promotion and/or tenure at McAllester College (1995), Oklahoma State University (1996 and 1998), the University of Arkansas (1995 and 1998), the University of Georgia (1997), West Virginia University (1999), the University of Kentucky (1999 and 2002), Louisiana State University (2000), and the University of Tennessee (2001).
- Internal reviewer of dossiers of Departmental and non-Departmental faculty members being considered for promotion and/or tenure at Texas A&M University and Texas Tech University.
- Reviewer of manuscripts considered for publication in: Agricultural Economics, American Journal of Agricultural Economics, Environmental Management, Journal of Cotton Science, Journal of Environmental Economics and Management, Oman Journal of Agricultural Sciences, Journal of Agricultural and Applied Economics, Journal of Agricultural and Resource Economics, Agricultural and Resource Economics Review, Review of Agricultural Economics, Risk Decision and Policy, Journal of Production Agriculture, Journal of Agribusiness, Agribusiness: An International Journal, Water Resources Research, and Texas Journal of Agriculture and Natural Resources.

Committee Assignments

Departmental Level and Department of Agricultural and Applied Economics, Texas Tech University

- Member of the Faculty and Staff Awards Committee, 1987-1989 and 1999-2004 (Chair 1999-2001).
- Member of the Graduate Programs Committee, 1988-1998 and 2000-present (Chair 2000-present).
- Member of the Ph.D. Comprehensive Examination Committee, 1989-1998.
- Faculty Advisor to the Agricultural Economics Undergraduate Student Association, 1989-1991, and 2000-2002.
- Chair of the Student Award, Scholarship, and Student Recruitment Committee, 1989-1993.
- Member of the Special Committee on the Agricultural Economics' Research Position, 1990.
- Member of the Special Committee on the Graduate and Special Programs, 1991.
- Faculty Advisor to the Agricultural Economics Graduate Student Association, 1991-1994.

- Chair of the Search Committee, Agricultural Finance Position, 1993.
- Member of the Undergraduate Curriculum Review Committee, 1993-1994.
- Member of the Internship Committee, 1993-present (Chair 1998-present).
- Member of the Status and Future Prospects of the MBA in Agribusiness Program Committee, 1994.
- Member of the Dean Hughes Memorial Lecture Committee, 1995-2000.
- Member of the Search Committee, General Economics Position, Department of Economics and Geography, 1995-1996.
- Member of the Junior Faculty Evaluation Committee, 1995.
- Chair of the Search Committee, Chairperson of the Department of Agricultural and Applied Economics Position, 1997.
- Member of the Vision for the Future Committee, Department of Agricultural Education and Communications, 1997-2000.
- Chair of the Research Program Evaluation Committee, 1997-98.
- Member of the Junior Faculty Evaluation Committee, Department of Plant and Soil Sciences, 1998.
- Member of the Search Committee, Marketing Economics Position, 1998.
- Member of the Search Committee, International Trade and Policy Position, 1999.
- Member of the mentoring committee for Dr. Peter Dotray, Department of Plant and Soil Science, 1999-2002
- External Member of the Promotion and Tenure Committee, Department of Plant and Soil Sciences, 2000.
- Member of the Junior Faculty Evaluation Committee, Department of Agricultural Education and Communications, 2001.
- Member of the Search Committee, Production Economics Position, 2001.
- Member of the Junior Faculty Evaluation Committee, Department of Plant and Soil Science, 2002.
- Chair of the Junior Faculty Evaluation Committee, 2002.
- External Member of the Promotion and Tenure Committee, Department of Agricultural Education and Communications, 2002..
- Member of the mentoring committee for Dr. Robert Wright, Department of Plant and Soil Science, 2002-2005.
- Chair of the mentoring committee for Dr. Roderick Rejesus, Department of Agricultural and Applied Economics, 2003-2005.
- Member of the Three Year Peer Teaching Review for Dr. David Willis, Department of Agricultural and Applied Economics, 2004.
- Chair of the Search Committee, Water Policy Position, 2005.
- Member of Search Committee - Plant Physiology Position, Department of Plant and Soil Sciences, 2005.

College Level and College of Agricultural Sciences and Natural Resources, Texas Tech University

- Member of the Scholarships and Awards Committee, 1989-1993.
- Member of the Development Committee, 1992-1993.
- Member of the Ag Awareness Week Planning Committee (Founder of the Ag Awareness Week activities), 1992-1994 (Chair 1992-1993).
- Member of the Strategic Planning Committee, 1993-2000 (Chair 1997-2000), 2005-present.
- Member of the Distance Learning Task Force, 1993-1998.
- Member of the International Affairs Committee, 1994-1999.
- Member of the Search Committee, Director of Development and External Relations, 1996-1997.
- External Member of the Promotion and Tenure Committee, College of Human Sciences, 2000-2001.
- Member of the Tenure, Promotion, and Exit Interview Committee, 2000-2003.
- Member of the Selection Committee, Barnie E. Rushing Research Award - College of Agricultural Sciences and Natural Resources' nominee, 2001 and 2002.

- Member of the Recruiting and Retention Committee, 2001-2004 (Chair 2003-2004).
- Member of the Mediation Committee, 2004-2005.

University Level, Texas Tech University

- Member of the International Education Committee, 1988-1991.
- Member of the Who's Who Selection Committee, 1991-1993.
- Member of the Ad Hoc Committee for Incoming International Faculty, 1993-1994.
- Member of the International Affairs Council, 1994-1998.
- Member of the Search Committee, Dean of the College of Agricultural Sciences and Natural Resources, 1996-1997.
- Member of the Texas Tech University National Collegiate Athletic Association (NCAA) Re-Certification Committee - Fiscal Integrity Subcommittee, 1998-1999.
- Member of the CLEAR (Community of Learners, Educators and Researchers) Leadership Committee-College of Agricultural Sciences and Natural Resources representative, 1998-present.
- Member of the Program Review Committee for the Animal Science and Food Technology Graduate Program - The Graduate School, 2000.
- Member of the Search Committee, Vice President for Research, Graduate Studies and Technology Transfer, 2000-2001.
- Member of the Athletic Council, 2001-2007.
- Chair of the Fiscal Integrity Committee, Athletic Council, 2001-2003.
- Member of the International Education Fee Scholarship Committee, 2001-2002.
- Member of the Selection Committee, Chancellor's Distinguished Research Award, 2001 and 2002.
- Member of the Search Committee, Provost, 2001 - 2002.
- Member of the Search Committee, Associate Provost and Director for the Office of International Affairs, 2002.
- Member of the Search Committee, President, 2003.
- Vice-Chair of the Athletic Council, 2003-2007.
- Ex-Officio Member of the Fiscal Integrity Committee, Athletic Council, 2003-2007.
- Ex-Officio Member of the Commitment to Equity Committee, Athletic Council, 2003-2007.
- Member of the Budget Advisory Council, 2003-2006.
- Member of the Water Initiative Advisory Council, 2005.

Texas Agricultural Experiment Station (TAES), Texas Agricultural Extension Service (TAEX), and the College of Agricultural and Life Sciences (COALS), Texas A&M University

- Member of the Strategic Planning Committee for the Agricultural Research and Extension Center, Lubbock / Halfway, TAES and TAEX, 1993.
- Co-Facilitator, World Markets for Food, Fiber, and Agricultural Products Issue Work Group, The Texas Agricultural Summit: Setting the Course for the 21st Century, COALS, 1993.
- Member of the Advisory Committee, Center for Natural Resources Information Technology, Blackland Research Center, Temple, TAES, 1993-1994.
- Member of the Tour Coordination Committee, 1994 Field Day, Agricultural Research and Extension Center, Lubbock / Halfway, TAES, 1994.
- Member of the Welcoming Committee, 1994 and 1995 Field Days, Agricultural Research and Extension Center, Lubbock / Halfway, TAES, 1994 and 1995.
- Member of the Planning Committee for the 1995 Livestock and Poultry Manure Management Conference, TAEX, 1994-1995.

- Member of the Texas Agricultural Extension Service Task Force of West Texas for International Trade, TAEX, 1994-2000.
- Member of the Texas Agricultural and Natural Resource Summit Leadership Council, COALS, 1994-1996.
- Member of Agricultural Competitiveness Task Force, Texas Agricultural and Natural Resource Summit Initiative, COALS, 1995-1997.
- Member of the Texas A&M/Texas Tech Boll Weevil Assessment Task Force, TAES and Texas Tech, 1996.
- Member of the Rural Development and Community Sustainability Directional Emphasis Team, COALS, 1996-1999.
- Member of the Water Resource Management Steering Committee, Texas High and Rolling Plains, TAES and TAEX, 1996-2000.
- Member of the Search Committee, Resident Director for Research - Lubbock, TAES, 1997-1998.
- Member of the Grain Sorghum Research Task Force, TAES, 1998-1999.
- Member of the PROFIT Initiative Advisory Panel, COALS, 2000-2003.
- Member of the Planning Committee for the International Agricultural Trade Summit, Agricultural and Natural Resources Summit Initiative: Setting the Course for the 21st Century, COALS, 2000.
- Facilitator, World Markets for Food, Fiber, and other Agricultural Commodities - Issues to Consider in Setting the State and Federal Agendas Work Group, The International Agricultural Trade Summit: Setting the Course for the 21st Century, COALS, 2000.
- Member of the Agriculture Program Peer Review (Promotion and Tenure) Committee, COALS, 2000-2002.

Publications and Presentations

- Total number of Referred Journal Articles - 58
- Total number of Book and Chapters/Sections in Books - 4
- Total number of Refereed and Peer Reviewed Proceedings of Presented Manuscripts - 67
- Total number of Abstracts of Refereed Presented Manuscripts - 55
- Total number of Peer Reviewed Technical Publications and Presentations -86
- Total number of Other Professional Presentations - 40

Selected for presentation at the XXII Conference of the International Association of Agricultural Economists, August 22-29, 1994, Harare, Zimbabwe. **PRO-32**

Ethridge, D. E., D. Hudson, and E. Segarra. 1998. Relevance of Price Information to the Cotton Industry. Proceedings of the 1998 Beltwide Cotton Conferences, pg. 325-329. Selected for presentation, 1998 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, 1998, San Diego, California. **PRO-33**

Yu, M., E. Segarra, and A. B. Onken. 1998. The Economics of Soil Fertility Under Precision Agriculture: The Case of Phosphorus. Proceedings of the 1998 Beltwide Cotton Conferences, pg. 289-292. Selected for presentation, 1998 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, 1998, San Diego, California. **PRO-34**

Segarra, E., L. K. Almas, and J. Bordovsky. 1999. Adoption of Advanced Irrigation Technology: LEPA vs. Drip in the Texas High Plains. Proceedings of the 1999 Beltwide Cotton Conferences, pg. 324-328. Selected for presentation, 1999 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 3-7, 1999, Orlando, Florida. **PRO-35**

Yu, M., E. Segarra, and D. Nesmith. 1999. Spatial Utilization of Phosphorous: Implications for Precision Agriculture Practices. Proceedings of the 1999 Beltwide Cotton Conferences, pg. 299-302. Selected for presentation, 1999 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 3-7, 1999, Orlando, Florida. **PRO-36**

Yu, M., E. Segarra, H. Li, R. J. Lascano, C. Chilcutt, L. T. Wilson, K. Bronson, and S. Searcy. 2000. The Economics of Precision Agricultural Practices in Cotton Production. Proceedings of the 2000 Beltwide Cotton Conferences, pg. 369-374. Selected for presentation, 2000 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 4-8, 2000, San Antonio, Texas. **PRO-37**

Li, H., R. J. Lascano, E. Barnes, J. Booker, T. L. Wilsom, E. Segarra, and K. F. Bronson. 2000. Underlying Field Heterogeneity on Water and Nitrogen Use in Cotton: State-Space Analysis. Proceedings of the Fifth International Conference on Precision Agriculture, p. 1-14 Remote Sensing Section. ASA-CSSA-SSSA, 677 South Segoe Road, Madison, Wisconsin. Selected for presentation at the Fifth International Conference on Precision Agriculture, July 16-19, 2000, Bloomington, Minnesota. **PRO-38**

Li, H., R. J. Lascano, E. Barnes, J. Booker, T. L. Wilsom, K. F. Bronson, and E. Segarra. 2000. Spectral Reflectance Characteristics of Cotton Related to Soil, Water, and Topography Variability. Proceedings of the Fifth International Conference on Precision Agriculture, p. 1-15 Grostatistics/Sampling Section. ASA-CSSA-SSSA, 677 South Segoe Road, Madison, Wisconsin. Selected for presentation at the Fifth International Conference on Precision Agriculture, July 16-19, 2000, Bloomington, Minnesota. **PRO-39**

Machado, S., E. D. Bynum, Jr., T. L. Archer, R. J. Lascano, J. Bordovsky, K. Bronson, D. M. Nesmith, E. Segarra, D. T. Rosenow, G. C. Peterson, W. Xu, and L. T. Wilson. 2000. Spatial and Temporal Variability of Sorghum and Corn Yield: Interactions of Biotic and Abiotic Factors. Proceedings of the Fifth International Conference on Precision Agriculture, ASA-CSSA-SSSA, 677 South Segoe Road, Madison, Wisconsin. Selected for presentation at the Fifth International Conference on Precision Agriculture, July 16-19, 2000, Bloomington, Minnesota. **PRO-40**

Li, H., R. J. Lascano, E. M. Barnes, J. Booker, L. T. Wilson, K. F. Bronson, and E. Segarra. 2001. Temporal Patterns of Cotton Reflectance and NDVI-Days Lint Yield Modeling. Proceedings of the 2001 Beltwide Cotton Conferences, pp. 590-594. Selected for presentation, 2001 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 9-13, Anaheim, California. **PRO-41**

Li, H., R. J. Lascano, J. Booker, L. T. Wilson, E. Segarra, and K. F. Bronson. 2001. Using a Topographic Factor to Explain Soil and Cotton Lint Variability in the Landscape. Proceedings of the 2001 Beltwide Cotton Conferences, pp. 585-588. Selected for presentation, 2001 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 9-13, Anaheim, California. **PRO-42**

Yu, M., E. Segarra, S. Watson, H. Li, and R. J. Lascano. 2001. Precision Farming Practices in Irrigated Cotton Production in the Texas High Plains. Proceedings of the 2001 Beltwide Cotton Conferences, pp. 201-208. Selected for presentation, 2001 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 9-13, Anaheim, California. **PRO-43**

Li, H., R. J. Lascano, L. T. Wilson, and E. Segarra. 2001. Semivariance and Crosscorrelation of Sand, Water, Cotton Canopy Temperature, and Plant Reflectance in the Landscape. Proceedings of the 3rd European Conference in Precision Agriculture, pp. 241-246, Vol. 1. Selected for presentation at the 3rd European Conference in Precision Agriculture, June 18-20, Montpellier, France. **PRO-44**

Watson, S., E. Segarra, M. Yu, H. Li, R. Lascano, and K. Bronson. 2002. Assessment of the Profitability of Precision Farming in Irrigated Cotton Production. Proceedings of the 2002 Beltwide Cotton Conferences, Cotton Economics and Marketing Conference Section, CD-ROM. Selected for presentation, 2002 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 8-12, Atlanta, Georgia. **PRO-45**

Allen, V. G., C. P. Brown, E. Segarra, C. J. Green, and T. A. Wheeler. 2002. In Search of Sustainable Agricultural Systems for the Llano Estacado of the U. S. Southern High Plains. Proceedings of the International Workshop on Sustainable Development of Grass-Farming Systems for Western China, Pg. 4-18. Invited for presentation at the International Workshop on Sustainable Development of Grass-Farming Systems for Western China, August 22-25, Lanzhou, China. **PRO-46**

Maas, S. J., E. Segarra, S. E. Mauget, and R. J. Lascano. 2003. Can Seasonal Rainfall Forecasts Be Used to Guide Dryland Cotton Management? Proceedings of the 2003 Beltwide Cotton Conferences, Cotton Engineering-Systems Conference Section, CD-ROM. Selected for presentation, 2003 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 6-10, Nashville, Tennessee. **PRO-47**

Watson, S., E. Segarra, R. J. Lascano, H. Li, K. Bronson, and J. Booker. 2003. An Economic Analysis of Whole-Field Farming Versus Precision Farming: The Case of Cotton. Proceedings of the 2003 Beltwide Cotton Conferences, Cotton Economics and Marketing Conference Section, CD-ROM. Selected for presentation, 2003 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 6-10, Nashville, Tennessee. **PRO-48**

Segarra, E., D. de la Torre Ugarte, J. Malaga, and G. W. Williams. 2003. Social Welfare and Environmental Degradation in Agriculture: The Case of Ecuador. Contributed Paper - Proceedings of the 25th International Conference of Agricultural Economists, CD-ROM - pp. 1020-1026, Document Transformation Technologies, Event Dynamics. Selected for presentation at the 25th International Conference of Agricultural Economists, August 16-22, Durban, South Africa. **PRO-49**

Watson, S., D. Hudson, and E. Segarra. 2004. Economic vs. Biological Goals in Technology Adoption. Proceedings of the 2004 Beltwide Cotton Conferences, Cotton Economics and Marketing Conference Section, CD-ROM. Selected for presentation, 2004 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, San Antonio, Texas. **PRO-50**

Velandia, M., R. Rejesus, E. Segarra, and K. Bronson. 2004. Spatial Analysis of Precision Agriculture Data: An Approach to Improve Management Zone Delineation Procedures for Texas Cotton. Proceedings of the 2004 Beltwide Cotton Conferences, Cotton Soil Management and Plant Nutrition Conference Section, CD-ROM. Selected for presentation, 2004 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, San Antonio, Texas. **PRO-51**

McCormick, M., P. Dotray, J. W. Keeling, T. Baughman, E. Segarra, and R. Perkins. 2004. Economic Comparison of Liberty-Tolerant Cotton. Proceedings of the 2004 Beltwide Cotton Conferences, Cotton Weed Science Research Conference Section, CD-ROM. Selected for presentation, 2004 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, San Antonio, Texas. **PRO-52**

Lansford, V., E. Segarra, and J. Bordovsky. 2004. The Dollars and Cents of Subsurface Drip Irrigation (SDI) for Cotton in the Southern High Plains of Texas. Proceedings of the 2004 Beltwide Cotton Conferences, Cotton Economics and Marketing Conference Section, CD-ROM. Selected for presentation, 2004 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, San Antonio, Texas. **PRO-53**

Johnson, J., P. Johnson, E. Segarra, and D. Willis. 2004. Water Conservation Policy Alternatives for the Texas Southern High Plains. Proceedings of the 2004 Beltwide Cotton Conferences, Cotton Economics and Marketing Conference Section, CD-ROM. Selected for presentation, 2004 Beltwide Cotton Conferences. Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, San Antonio, Texas. **PRO-54**

Johnson, J., P. Johnson, E. Segarra, and D. Willis. 2004. The Future of Irrigated Cotton Acreage on the Texas High Plains. Proceedings of the 2004 Beltwide Cotton Conferences, Cotton Economics and Marketing Conference Section, CD-ROM. Selected for presentation, 2004 Beltwide Cotton Conferences.

Co-sponsored by the National Cotton Council and the Cotton Foundation, January 5-9, San Antonio, Texas.

Economics, 29(1): 213. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 2-5, 1997, Birmingham, Alabama. **ABS-35**

Segarra, E. 1997. Determinants of Farm-Level Conservation Investments in Rwanda -Discussion. International Association of Agricultural Economics, Occasional Paper No. 7, Issues in Agricultural Competitiveness: Markets and Policies, pg. 219, R. Rose, C. Tanner, and M. Bellamy, Eds., Dartmouth Publishing Company Limited and Ashgate Publishing Company, Hants, England. Invited address at the XXII Conference of the International Association of Agricultural Economists, August 22-29, 1994, Harare, Zimbabwe. **ABS-36**

Johnson, J. L., and E. Segarra. 1997. When the Chips are Down: Feedlot Manure Utilization in the Texas High Plains. Abstract in American Journal of Agricultural Economics, 79(5): 1711. Selected for presentation at the annual meeting of the American Association of Agricultural Economics, July 27-30, 1997, Toronto, Canada. **ABS-37**

Asher, B. S., J. W Keeling, P. A. Dotray, and E. Segarra. 1998. Performance and Economics of Cotton Weed Management Systems in the Texas Southern High Plains. Proceedings of the Southern Weed Science Society: Preparing for the New Millennium, pg. 44-45. Selected for presentation at the 51st Annual Meeting of the Southern Weed Science Society, January 27-29, 1998, Birmingham, Alabama. **ABS-38**

Teal, S., E. Segarra, K. Moates, C. Barr, and B. Drees. 1999. Impacts of the Red Imported Fire Ant on the Texas Cattle Industry. Abstract in Journal of Agricultural and Applied Economics, 31(2): 384. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, January 31-February 3, 1999, Memphis, Tennessee. **ABS-39**

Machado, S., E. D. Bynum, Jr., D. T. Rosenow, G. C. Peterson, T. L. Archer, R. J. Lascano, K. Bronson, E. Segarra, and L. T. Wilson. 1999. Spatial Variability of Sorghum Yield: Site-Specific Interactions of Soil, Water, and Pests. Abstract in Proceedings of the 21st. Biennial Grain Sorghum Research and Utilization Conference, pg. 13-14. Selected for presentation at the 1999 Sorghum Production Conference - Blazing New Trails, February 21-23, 1999, Tucson, Arizona. **ABS-40**

Machado, S., E. D. Bynum, Jr., T. L. Archer, R. J. Lascano, M. Yu, E. Segarra, K. Bronson and D. Nesmith. 1999. Spatial and Economic Variability of Corn Yield: Site-Specific Interactions of Soil, Water, Pests, and Diseases. Abstract in Proceedings of the 1999 ASA, CSSA, and SSSA Annual Meetings, pg. 58. Selected for presentation at the 1999 ASA, CSSA, and SSSA Annual Meetings, October 31-November 4, 1999, Salt Lake City, Utah. **ABS-41**

Arabiyat, T. S., and E. Segarra. 2001. Technology Adoption and Agricultural Sustainability: Implications for Ground Water Conservation. International Association of Agricultural Economics, Proceedings of the Twenty-Four International Conference of Agricultural Economists, Tomorrow's Agriculture: Incentives, Institutions, Infrastructure and Innovations, pg. 786. G. H. Peters and P. Pingali, Ashgate Publishing Limited, Hants, England. Selected for presentation at the XXIV Conference of the International Association of Agricultural Economists, August 13-18, 2000, Berlin, Germany. **ABS-42**

Yu, M., and E. Segarra. 2001. Economic Impacts of Precision Farming in Cotton Production. Abstract in Journal of Agricultural and Applied Economics, 33(3): 626-627. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, January 27-31, Fort Worth, Texas. **ABS-43**

Watson, S., E. Segarra, M. Yu, E. Bynum, S. Machado, T. Archer, and L. T. Wilson. 2001. The Economics of Precision Farming in Grain Sorghum. Abstract in Journal of Agricultural and Applied Economics, 33(3): 627. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, January 27-31, Fort Worth, Texas. **ABS-44**

Li, H., R. J. Lascano, J. Booker, L. T. Wilson, K. F. Bronson, and E. Segarra. 2001. Autoregressive Analysis of Spatial Association of Cotton Nitrogen Uptake with Soil Water and Landscape Position. Abstract in Proceedings of the 2001 ASA, CSSA, and SSSA Annual Meetings, S01-li201429-P - CD-Rom. Selected for presentation at the 2001 ASA, CSSA, and SSSA Annual Meetings, October 21-25, 2001, Charlotte, North Carolina. **ABS-45**

Li, H., R. J. Lascano, J. Booker, L. T. Wilson, K. F. Bronson, and E. Segarra. 2001. Identification of Factors Affecting Cotton Spectral Reflectance Variability Using Principal Component Analysis. Abstract in Proceedings of the 2001 ASA, CSSA, and SSSA Annual Meetings, S01-li203926-O - CD-Rom. Selected

for presentation at the 2001 ASA, CSSA, and SSSA Annual Meetings, October 21-25, 2001, Charlotte, North Carolina. **ABS-46**

Watson, S., E. Segarra, M. Yu, H. Li, R. Lascano, and K. Bronson. 2002. Precision Farming Practices in Irrigated Cotton Production. Abstract in Journal of Agricultural and Applied Economics, 34(2): 388. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 3-6, Orlando, Florida. **ABS-47**

Watson, S., E. Segarra, S. Machado, E. Bynum, T. Archer, and K. Bronson. 2002. Economic Impacts of Precision Farming in Corn Production. Abstract in Journal of Agricultural and Applied Economics, 34(2): 371-372. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 3-6, Orlando, Florida. **ABS-48**

Watson, S., E. Segarra, S. Machado, E. Bynum, T. Archer, and K. Bronson. 2003. Precision Farming in Irrigated Corn Production: An Economic Perspective. Abstract in Journal of Agricultural and Applied Economics, 35(2): 427. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 2-5, Mobile, Alabama. **ABS-49**

Duch-Carvalho, T., V. G. Allen, E. Segarra, and C. P. Brown. 2003. Economic Sustainability of an Integrated Cotton-Forage-Livestock Production System. Abstract in 2003 Crop Science Society of America Abstracts, on Cd-ROM disk. Selected for presentation at the Annual meeting of the Crop and Soil Science Society of America, November 2-6, Denver, Colorado. **ABS-50**

Johnson, J. W., P. N. Johnson, D. Willis, and E. Segarra. 2004. Evaluation of Water Policy Alternatives for the Southern High Plains of Texas. Abstract in Journal of Agricultural and Applied Economics, 36(2): 510. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 14-18, Tulsa, Oklahoma. **ABS-51**

Watson, S., D. Hudson, and E. Segarra. 2004. Quantifying the Differences in Management Goals and Technology Choice in Peanut Production. Abstract in Journal of Agricultural and Applied Economics, 36(2): 524. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 14-18, Tulsa, Oklahoma. **ABS-52**

Velandia, M., R. Rejesus, E. Segarra, K. Bronson, and R. Kulkarni. 2004. An Economic Analysis of a Spatial Statistics Approach to Management Zone Delineation in Precision Agriculture: The Case of Texas Cotton. Abstract in Seventh International Conference on Precision Agriculture: Conference Abstracts - Profitability Section, pg. 125. Selected for presentation at the Seventh International Conference on Precision Agriculture, July 25-28, Minneapolis, Minnesota. **ABS-53**

Rejesus, R. M., M. Velandia, E. Segarra, and K. Bronson. 2006. Economics of Management Zone Delineation in Cotton Precision Agriculture. Abstract in Journal of Agricultural and Applied Economics, in press. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 4-8, Orlando, Florida. **ABS-54**

Wheeler, E. A., E. Segarra, P. Johnson, D. Willis, and J. Johnson. 2006. Water Policy Alternatives for the Southern Ogallala Aquifer. Abstract in Journal of Agricultural and Applied Economics, in press. Selected for presentation at the annual meeting of the Southern Agricultural Economics Association, February 4-8, Orlando, Florida. **ABS-55**

Annual Report submitted to the Southern Region SARE/ACE Program, United States Department of Agriculture, under project number LS97-82, 50 pgs., College of Agricultural Sciences and Natural Resources, Texas Tech University. **TPP-85**

Bronson, K., R. Boman, and E. Segarra. 2005. Nitrogen Fertilization of Irrigated Cotton as Fertilizer Prices Climb. Issue note - Texas A&M University - The Agriculture Program, April, Lubbock, Texas. **TPP-86**

Other Professional Presentations

Sharples, J., L. Schertz, and E. Segarra. 1987. Questions Relating to the Trade-Natural Resource Interface. Invited address at the 1987 Workshop on Linkages Between Natural Resources and International Trade in Agricultural Commodities. Co-sponsored by the Economic Research Service, United States

- Department of Agriculture and the National Center for Food and Agricultural Policy, Resources for the Future, March 19-20, Washington, D.C. **OPP-1**
- Segarra, E. 1988. Factores Necesarios Para Optimizar la Utilizacion de Recursos Naturales e Insumos de Produccion en el Sector Agropecuario. Invited address at the Seminario Sobre los Comportamientos de Acuíferos Subterráneos, July 25-29, San Luis de la Paz, Guanajuato, Mexico. **OPP-2**
- Segarra, E. 1988. The Impacts of Agricultural International Trade Happenings on Southern Agriculture. Invited address at the Southern Region Technical Committee on International Trade S-224, November 16-18, Atlanta, Georgia. **OPP-3**
- Segarra, E. 1989. Using EPIC for Improving Production Efficiency in Agricultural Production. Invited address at the 1989 Staff Conference Work Group "Cropping Systems Research: Simulations and Field Experiments," Texas A&M University, annual TAES Staff Conference, January 9-12, College Station, Texas. **OPP-4**
- Segarra, E. 1989. Producer and Consumer Subsidy Equivalents of Livestock Products in Mexico. Invited address at the Southern Region Technical Committee on International Trade S-224, November 15-17, New Orleans, Louisiana. **OPP-5**
- Segarra, E. 1989. El Papel de Mexico en las Negociaciones del GATT. Invited address, Facultad de Economía, Universidad Autónoma de Nuevo León, December 27, Monterrey, Nuevo León, Mexico. **OPP-6**
- Segarra, E. 1990. Status and Realities of Agricultural Policies in the Mexican Agricultural Sector: Their Role in the GATT Negotiations. Invited address at the Third Mexico-Texas Exchange Commission Meetings, February 21-23, Mexico City, Mexico. **OPP-7**
- Segarra, E. 1990. Southern Competitiveness in International Trade of Agricultural Commodities. Invited address at the Southern Region Technical Committee on International Trade S-224, November 14-16, Tampa, Florida. **OPP-8**
- Segarra, E. 1991. Identifying Research Questions Relevant to Agro-Pastoralism in the Bolivian Altiplano. Invited address at the Sustaining Agro-Pastoral Systems in the Bolivian Altiplano: SR-CRSP Research Priorities for the Next Decade Symposium, May 14-17, Lubbock, Texas. **OPP-9**
- Rosson III, C. P., E. E. Davis, E. Segarra, and A. Angel. 1991. A Summary of Potential Implications of North American Free Trade for U.S. Meats and Livestock. Testimony invited for presentation to Texas Department of Agriculture Select Committee on U.S.-Mexico Trade, Public Hearing, November 18, Weslaco, Texas. **OPP-10**
- Segarra, E., J. W. Keeling, and J. R. Abernathy 1992. Alternative Cropping Systems for Cotton Production in the Texas Southern High Plains. Selected paper for presentation at the American Farm Bureau Federation 73rd meeting, January 12-16, Kansas City, Missouri. **OPP-11**
- Segarra, E. 1992. The Proposed United States-Mexico-Canada North American Free Trade Agreement: The Mexican Perspective. Invited address at the annual meeting of the Southern Agricultural Economics Association, February 2-5, Lexington, Kentucky. **OPP-12**
- Segarra, E. 1992. Mathematical Modeling of Agriculturally Related Issues. Invited address at the Pakistan Agricultural Research Council, April 22, Islamabad, Pakistan. **OPP-13**
- Segarra, E. 1993. Agricultural Production on the Texas Southern High Plains. Poster display at the 1993 Farmer*Stockman Show, October 12-14, Lubbock, Texas. **OPP-14**
- Segarra, E. 1993. Economic Advantages of Conservation Tillage Practices. Poster display at the 1993 Farmer*Stockman Show, October 12-14, Lubbock, Texas. **OPP-15**
- Segarra, E. 1994. Economic Aspects of Pesticide Use Assessment: Issues to Consider. Invited address at the NAPIAP Workshop held during the Second National IPM Symposium/Workshop, April 19-22, Las Vegas, Nevada. **OPP-16**
- Segarra, E. 1995. NAFTA: Current Status and Future Prospects. Invited address at the annual meeting of the Texas Chapter of the American Society of Farm Managers and Rural Appraisers, February 17, Lubbock, Texas. **OPP-17**
- Segarra, E. 1996. Assessment of the Economic Impact of the Seed Industry in Texas. Invited address at the 64th. Annual Convention of the Texas Seed Trade Association, November 12, Austin, Texas. **OPP-18**

- Segarra, E. 1997. Influence of NAFTA and Farm Programs on Grasslands. Invited address at the 1997 annual meeting of the American Forage and Grassland Council, April 14, Dallas, Texas. **OPP-19**
- Segarra, E. 1997. Targeting Agricultural Research: The Role of Economic Analysis. Invited address at the Summer Meeting of the Advisory Board Meeting of the Institute for Research in Plant Stress, Texas Tech University, July 15, Lubbock, Texas. **OPP-20**
- Segarra, E. 1997. El Tratado de Libre Comercio: Evolucion y Tendencias. Invited address at the Semana Internacional de Intercambio Academico del Centro Universitario de los Altos y las Universidades de Costa Rica y Texas Tech. Universidad de Guadalajara, Centro Universitario de los Altos, July 22, Tepatitlan, Jalisco, Mexico. **OPP-21**
- Segarra, E. 1997. Advanced Irrigation Technology Adoption: Impacts on Depletion. Invited address at the High Plains Ogallala Area Regional Management Plan Meeting, December 11, Plainview, Texas. **OPP-22**
- Segarra, E. 1998. Overview of American Agriculture. Invited address at the Institute of Eco-Environmental Economics-College of Economics and Trade, Huazhong Agricultural University, May 28, Wuhan, China. **OPP-23**
- Segarra, E. 1998. Cost-Benefit Analysis Measures: Economic Evaluation of Potential Biotechnological Advances. Invited address at the Institute of Eco-Environmental Economics-College of Economics and Trade, Huazhong Agricultural University, May 29, Wuhan, China. **OPP-24**
- Segarra, E. 1998. Sustainable Agricultural Practices in Agriculture: The Case of Livestock Waste Management. Invited address at the Institute of Eco-Environmental Economics-College of Economics and Trade, Huazhong Agricultural University, June 1, Wuhan, China. **OPP-25**
- Segarra, E. 1998. Global Trade Issues: Lessons Learned from the North-American Free Trade Agreement (NAFTA). Invited address at the Institute of Eco-Environmental Economics-College of Economics and Trade, Huazhong Agricultural University, June 2, Wuhan, China. **OPP-26**
- Segarra, E. 1998. Economic and Environmental Implications of Municipal Waste Water Re-Use in Agriculture. Invited address at the Institute of Eco-Environmental Economics-College of Economics and Trade, Huazhong Agricultural University, June 3, Wuhan, China. **OPP-27**
- Teal, S., and E. Segarra. 1998. Spatial Economic Impacts of RIFA on the Texas Cattle Industry. Presented to the Management Committee of the Fire Ant Initiative Program (FARMIC), August 4, Lubbock, Texas. **OPP-28**
- Segarra, E. 1998. Economics of Precision Agriculture. AG-CARES Field Day, September 15, Lamesa, Texas. **OPP-29**
- Segarra, E. 1999. Economic Evaluation of Sustainable Agricultural Production Systems. Texas Tech Farm Field Day, October 1, New Deal, Texas. **OPP-30**
- Segarra, E. 2000. Case Study: Development and Planning in Ecuador. Invited presentation at the 18th Annual International Management Workshop, ICASALS, Texas Tech University, May 22, Lubbock, Texas. **OPP-31**
- Segarra, E., and S. Bondurant. 2000. Economic Feasibility of Precision Agriculture: The Case of Grain Sorghum. Presented to the Precision Agriculture Industry Advisory Panel, June 15, Plainview, Texas. **OPP-32**
- Segarra, E. 2000. The Economics of Sustainable Crop/Livestock Systems in the Texas High Plains. Texas Tech Farm, August 31, New Deal, Texas. **OPP-33**
- Boman, R., A. Brashears, J. Gannaway, N. Hopper, E. Segarra, and E. Hequet. 2000. Harvest Timing, Bur Extracting, and Weathering Effects on Cotton Production and Quality, Ginning Characteristics, and Economics. Presented at the Fall meeting of the Cotton State Support Committee, December 8, Lubbock, Texas. **OPP-34**
- Segarra, E. 2001. Agricultural Sector Planning in Ecuador. Invited presentation at the 19th Annual International Management Workshop, ICASALS, Texas Tech University, May 14, Lubbock, Texas. **OPP-35**
- Segarra, E. 2002. Valuing Groundwater in Agricultural Production in the Southern High Plains of Texas. Invited Presentation at the first TeXas Economists - Economic Conference, April 10, Austin, Texas. **OPP-36**

Segarra, E. 2003. The Economics of Sustainable Crop/Livestock Systems in the Texas High Plains. Texas Tech Farm, June 17, New Deal, Texas. **OPP-37**

Segarra, E. 2003. Enhancing Your Success in Graduate School. Thesis/Dissertation Symposium - Graduate School, Texas Tech University, October 16, Lubbock, Texas. **OPP-38**

Segarra, E. 2004. The Economics of Sustainable Crop/Livestock Systems in the Texas High Plains. Texas Tech Farm, June 18, New Deal, Texas. **OPP-39**

Lansford, V., and E. Segarra. 2005. Economic Analysis Within the Integrated Water Conservation Demonstration Project. 5th. Annual Research/Extension Symposium - The Cotton Economics Research Institute, Texas Tech University, April 7, Lubbock, Texas. **OPP-40**

Grants/Research Projects Funded

- Total number of Travel Grants obtained - 11; funding \$18,775
- Total number of Research Projects as Principal Investigator - 20; funding \$763,970
- Total number of Research Projects as Co-Principal Investigator - 19; funding \$757,116
- Total number of Research Projects as Cooperator - 13; funding \$3,918,963/own share \$248,550
- **Summary ----- Total number of Research Projects - 52**
Total Funding - \$5,458,824
Total Own Research Expenditures - \$1,788,411

Travel Grant. Travel grant to attend the XIX Conference of the International Association of Agricultural Economists, Malaga, Spain. Kellogg Foundation. August 1985. Amount \$700 (through Virginia Polytechnic Institute and State University). **TGR-1**

Principal Investigator. Economic Analysis of Farming Systems and Related Crop Production Data. Texas Agricultural Experiment Station. October 1987 - September 1990. Amount \$110,558 (through Texas Tech University). **PIR-1**

Principal Investigator. Government Intervention in the Mexican Livestock Sector. Agricultural Trade Analysis Division, Economic Research Service, United States Department of Agriculture. October 1988 - September 1989. Amount \$25,000 (through Texas Tech University). **PIR-2**

Cooperator. Economic Implications of Alternative Farming Systems for Dryland and Irrigated Crop Production. Expanded Research, Texas Agricultural Experiment Station. September 1990 - August 1992. Amount \$64,000 (share \$5,000, through Texas A&M University). **CRP-1**

Cooperator. Identify Economically and Environmentally Sustainable Cropping Systems for the Texas Southern High Plains. Expanded Research, Texas Agricultural Experiment Station. September 1990 - August 1992. Amount \$122,000 (share \$10,000, through Texas A&M University). **CRP-2**

Cooperator. Optimizing Interaction of New Vegetable Cultivars with Cultural Practices. Expanded Research, Texas Agricultural Experiment Station. September 1990 - August 1992. Amount \$74,000 (share \$5,000, through Texas A&M University). **CRP-3**

Cooperator. Insect Disease, and Microclimate Interactions in Conventional Cotton vs. Cotton-Wheat Interplant Systems. Expanded Research, Texas Agricultural Experiment Station. September 1990 - August 1992. Amount \$62,000 (share \$7,000, through Texas A&M University). **CRP-4**

Principal Investigator. TTU AG-CARES Research. Texas Agricultural Experiment Station and College of Agricultural Sciences, Texas Tech University. October 1990 - September 1991. Amount \$14,941 (through Texas Tech University and Texas A&M University). **PIR-3**

Travel Grant. Travel Grant to attend the Conference on Economic Accounting for Commodity Costs and Returns, Kansas City, Missouri. American Agricultural Economics Association Foundation. February 1991. Amount \$375 (through Texas Tech University). **TGR-2**

Travel Grant. Travel Grant to attend a workshop on Workforce Diversification in the United States Department of Agriculture, Washington D. C. Resources and Technology Division of the Economic Research Service, United States Department of Agriculture. March 1991. Amount \$800 (through Texas Tech University). **TGR-3**

Co-Principal Investigator. The Proposed U.S.-Mexico Free Trade Agreement: Potential Impacts and Implications for the U.S. Livestock Industry. American Farm Bureau Federation. June 1991 - October 1991. Amount \$12,525 (through Texas A&M University). **CPI-1**

Travel Grant. Travel grant to attend the XXI Conference of the International Association of Agricultural Economists, Tokyo, Japan. American Agricultural Economics Association Foundation. August 1991. Amount \$1,500 (through Texas Tech University). **TGR-4**

Principal Investigator. Sustainable Agricultural Planning in the Southern High Plains. Texas Agricultural Experiment Station and College of Agricultural Sciences, Texas Tech University. September 1991 - August 1992. Amount \$14,477 (through Texas Tech University and Texas A&M University). **PIR-4**

Travel Grant. Travel grant to monitor research activities of the Pakistan Agricultural Research Council in Karachi, Lahore and Islamabad, Pakistan. Pakistan Participant Training Program and the United States Agency for International Development. April 1992. Amount \$5,000 (through Texas Tech University). **TGR-5**

Co-Principal Investigator. The Economics of Various Herbicide Input Levels for Weed Control in Cotton, Corn, and Grain Sorghum. Southern Regional Pesticide Impact Assessment Program, United States Department of Agriculture. June 1992 - May 1993. Amount \$14,680 (through Texas A&M University). **CPI-2**

Cooperator. Farm Scale Evaluation of Alternative Cotton Production Systems. Southern Regional Sustainable Agriculture Research and Education Program, United States Department of Agriculture. June 1992 - May 1993. Amount \$60,000 (share \$5,000, through Texas A&M University). **CRP-5**

Co-Principal Investigator. Plant and Soil N Analysis, Irrigation Technology, Economics, and N Use Efficiency. United States Department of Agriculture. October 1992 - September 1994. Amount \$59,138 (through Texas A&M University). **CPI-3**

Co-Principal Investigator. Integration of Fiber Research and Extension Systems. Research Enhancement Program, Texas Agricultural Experiment Station. September 1992 - August 1994. Amount \$20,000 (through Texas A&M University). **CPI-4**

Co-Principal Investigator. Biologic and Economic Assessment of Pesticide Use in Sorghum Production. NAPIAP, United States Department of Agriculture. October 1992 - December 1994. Amount \$52,260 (through Texas A&M University). **CPI-5**

Principal Investigator. Farming Systems, Marketing, and Agricultural Policy Research in Cotton. Texas Agricultural Experiment Station and College of Agricultural Sciences, Texas Tech University. September 1992 - August 1993. Amount \$18,550 (through Texas Tech University and Texas A&M University). **PIR-5**

Principal Investigator. An Economic Analysis of Waste Management for Texas Cattle Feedlots--An Analysis of System Alternatives and Policy Implications - and Cooperative Educational Agreement. Commodity Economics Division, Economic Research Service, United States Department of Agriculture. January 1993 - August 1994. Amount \$31,000 (through Texas Tech University). **PIR-6**

Co-Principal Investigator. Identification of Factors Influencing Participation of Districts and Individuals in the Agricultural Water Conservation Loan Program. Texas Water Development Board. June 1993 - August 1993. Amount \$38,024 (through Texas Tech University and Texas A&M University). **CPI-6**

Travel Grant. Travel grant to attend and participate in the 1993 W. K. Kellogg Foundation Exploring Rural America Workshop held at Cornell University, Ithaca, New York. W. K. Kellogg Foundation. June 1993. Amount \$1,800 (through Texas Tech University). **TGR-6**

Principal Investigator. Economic Feasibility of Sustainable Agricultural Systems in the Texas High Plains. Texas Agricultural Experiment Station and College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1993 - August 1994. Amount \$17,076 (through Texas Tech University and Texas A&M University). **PIR-7**

Co-Principal Investigator. Economic Evaluation of Waste Management Strategies for Texas Cattle Feedlots. Texas Higher Education Coordinating Board under the Texas Advanced Technology Program. January 1994 - August 1996. Amount \$79,920 (through Texas Tech University and Texas A&M University). **CPI-7**

Travel Grant. Travel grant to attend the Grant Selection Meeting of the 1994 USDA National Research Initiative Program - Market Assessments, Competitiveness, and Technology Panel held in Washington, DC. United States Department of Agriculture. May 1994. Amount \$1,200 (through Texas Tech University). **TGR-7**

Travel Grant. Travel grant to attend the National Research Council - Water Science and Technology Board National Workshop on the Future of Irrigation held in Irvine, California. National Academy of Sciences. June 1994. Amount \$1,500 (through Texas Tech University). **TGR-8**

Co-Principal Investigator. Farm Profitability and Financial Viability in the Texas High Plains: The Impacts of Biotechnology and Plant Stress Research. College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1994 - August 1996. Amount \$78,600 (through Texas Tech University). **CPI-8**

Principal Investigator. The Expiration of the Conservation Reserve Program: Land Use Alternatives in the Texas High Plains. Texas Agricultural Experiment Station and College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1994 - August 1995. Amount \$16,000 (through Texas Tech University and Texas A&M University). **PIR-8**

Principal Investigator. An Economic Analysis of Waste Management for U.S. Livestock Producers: System Alternatives and Policy Implications. Commercial Agriculture Division, Economic Research Service, United States Department of Agriculture. December 1994 - December 1998. Amount \$140,000 (through Texas Tech University). **PIR-9**

Principal Investigator. Natural Resource Degradation and Sustainable Agricultural Systems in the High Plains. Texas Agricultural Experiment Station and College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1995 - August 1996. Amount \$8,500 (through Texas Tech University and Texas A&M University). **PIR-10**

Co-Principal Investigator. Economic and Risk Assessment of Cotton Farming Systems. College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1995 - August 1997. Amount \$24,000 (through Texas Tech University). **CPI-9**

Co-Principal Investigator. Economic Evaluation of Precision Farming for Cotton Production. Research Enhancement Program, Texas Agricultural Experiment Station. January 1996 - August 1997. Amount \$34,500 (through Texas A&M University). **CPI-10**

Co-Principal Investigator. Greenbug Resistance Management on Sorghum with Insecticide Mixtures: A Biological and Economic Analysis. Southern Region Pesticide Impact Assessment Program, United States Department of Agriculture. October 1996 - September 1997. Amount \$20,639 (through Texas A&M University). **CPI-11**

Principal Investigator. Contributions of Biotechnology Research to Sustainable Crop Production Systems. Texas Agricultural Experiment Station and College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1996 - August 1999. Amount \$ 58,234 (through Texas Tech University and Texas A&M University). **PIR-11**

Cooperator. Evaluation of High Frequency Cotton Irrigation for Planned Soil Water Depletion with LEPA and Drip Systems. Cotton Incorporated. September 1997 - August 1998. Amount \$24,000 (share \$4,000, through Texas A&M University). **CRP-6**

Cooperator. Sustainable Crop/Livestock Systems in the Texas High Plains. Southern Region SARE/ACE Program, United States Department of Agriculture. April 1997 - March 2000. Amount \$231,380 (share \$35,540, through Texas Tech University). **CRP-7**

Co-Principal Investigator. Economic Impacts of Agricultural Production in the Texas High Plains Region. Texas-Ogallala Aquifer Regional Water Management Plan. September 1997 - August 1998. Amount \$20,000 (through Texas Tech University). **CPI-12**

Co-Principal Investigator. The Economics of Precision Farming in Cotton Production. College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1997 - August 1999. Amount \$29,000 (through Texas Tech University). **CPI-13**

Principal Investigator. Economic Impacts of the Red Imported Fire Ant in Texas: The Search for Economically Feasible Solutions. College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1997 - August 1999. Amount \$100,000 (through Texas Tech University). **PIR-12**

Principal Investigator. Precision Farming - Site Specific Production Systems: Economics of Precision Farming Practices in Cotton Systems. Precision Agriculture Initiative - Texas A&M University. September 1997 - August 1999. Amount \$28,600 (through Texas A&M University). **PIR-13**

Principal Investigator. Experimenting with Learning Organization Concepts: College of Agricultural Sciences and Natural Resources. College of Engineering-CLEAR Project, Texas Tech University. March 1999 - August 1999. Amount \$3,000 (through Texas Tech University). **PIR-14**

Cooperator. Drip Equipment Grant - Drip Irrigation for Texas Corn Production. High Plains Underground Water District #1, Lubbock, Texas. May 1999 - April 2000. Amount \$10,000 (all devoted to buy drip irrigation equipment - through Texas A&M University). **CRP-8**

Cooperator. Information Systems and Agricultural Census for Ecuador - Proyecto SICA, Ecuador. Ecuador - Ministry of Agriculture and the World Bank. June 1999 - May 2002. Amount \$2.62 million (share \$94,000 through Texas A&M University). **CRP-9**

Principal Investigator. Contributions of Biotechnology to Sustainable Crop Production Systems and Resource Valuation. Department of Agricultural and Applied Economics, College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1999 - August 2000. Amount \$ 13,000 (through Texas Tech University). **PIR-15**

Principal Investigator. The Economics of Precision Farming in Cotton Production. Department of Agricultural and Applied Economics, College of Agricultural Sciences and Natural Resources, Texas Tech University. September 1999 - August 2000. Amount \$ 18,500 (through Texas Tech University). **PIR-16**

Cooperator. Improving Nitrogen Fertilizer Use-Efficiency in Deficit-Irrigation Systems for Cotton in the Southern High Plains. National Research Initiative - Cooperative State Research, Education and Extension Service, United States Department of Agriculture. September 1999 - August 2002. Amount \$318,500 (share \$34,000 through Texas A&M University). **CRP-10**

Principal Investigator. Precision Farming - Site Specific Production Systems: Economics of Precision Farming Practices in the Texas High Plains (cotton, grain sorghum, corn, and peanuts). Precision Agriculture Initiative - Texas A&M University. September 1999 - August 2001. Amount \$50,000 (through Texas A&M University). **PIR-17**

Cooperator. Peanut Physiology Research in Northwest Texas. Texas Peanut Producers Board. September 1999 - August 2000. Amount \$12,000 (share \$3,500 through Texas A&M University). **CRP-11**

Travel Grant. Travel grant to attend the Systems Thinking in Action Conference: Meeting the Challenges of a Global enterprise held in Atlanta, Georgia. College of Engineering-CLEAR Project, Texas Tech University. November 1999. Amount \$1,600 (through Texas Tech University). **TGR-9**

Cooperator. Harvest Timing, Bur Extracting, and Weathering Effects on Cotton Production and Quality, Ginning Characteristics and Economics. Cotton Incorporated. January 2000 - December 2002. Amount \$75,000 (share \$7,000 through Texas A&M University). **CRP-12**

Co-Principal Investigator. Economic Evaluation of Bt Stripper Cotton for Bollworm/Budworm Control on the Texas High Plains. Cotton Incorporated. January 2000 - December 2000. Amount \$7,260 (through Texas Tech University). **CPI-14**

Co-principal Investigator. Potential Economic Benefits of Adjusting Dryland Cropping Strategies Based on Seasonal Rainfall Forecasts. College of Agricultural Sciences and Natural Resources, Texas Tech University. November 1, 2000 - December 31, 2002. Amount \$33,000 (through Texas Tech University). **CPI-15**

Travel Grant. Travel grant to attend the Grant Selection Meeting of the 2001USDA National Research Initiative Program - Market Assessments, Competitiveness, and Technology Panel held in Washington, DC. United States Department of Agriculture. April 2001. Amount \$1,800 (through Texas Tech University). **TGR-10**

Principal Investigator. Site Specific Production Systems: Economics of Precision Farming Practices in the Texas High Plains (cotton, grain sorghum, corn, and peanuts). Precision Agriculture Initiative - Texas A&M University. September 2001 - August 2003. Amount \$56,666 (through Texas A&M University). **PIR-18**

Co-principal Investigator. Development and Evaluation of Dual Applicator (LEPA & Spray) Pivots. TAES Water Conservation and Soil Management Project - Texas Water Resources Institute, Texas

A&M University. October 1, 2002 - August 31, 2003. Amount \$15,000 (through Texas A&M University).

CPI-16

Cooperator. Forage/Livestock Systems for Sustainable Texas High Plains Agriculture. Southern Region SARE/ACE Program, United States Department of Agriculture. June 2002 - May 2005. Amount \$246,083 (share \$38,510, through Texas Tech University). **CRP-13**

Principal Investigator. Site Specific Production Systems: Economics of Precision Farming Practices in the Texas High Plains (cotton, grain sorghum, and corn). Cropping Systems Initiative - Texas A&M University. September 2003 - August 2005. Amount \$72,000 (through Texas A&M University).

PIR-19

Principal Investigator. Ogallala Aquifer Initiative - Tuition Waiver Supplement. College of Agricultural Sciences and Natural Resources, Texas Tech University. September 2003 - August 2004. Amount \$3,868 (through Texas Tech University). **PIR-20**

Co-principal Investigator. Ogallala Aquifer Initiative - Economic and Policy Implications of Underground Water Use in the Southern Ogallala. Agricultural Research Service - United States Department of Agriculture. September 2003- August 2008. Amount \$137,500 (through Texas Tech University). **CPI-17**

Co-principal Investigator. Improving Nutrient Management for Subsurface Drip Irrigated Cotton. ICRC-CSREES, College of Agricultural Sciences and Natural Resources, Texas Tech University. September 2004 - August 2005. Amount \$38,500 (through Texas Tech University). **CPI-18**

Co-principal Investigator. Spatial Analysis of Precision Agriculture Data: An Approach to Improve Management Zone Delineation Procedures for Texas Cotton. ICRC-CAREES, College of Agricultural Sciences and Natural Resources, Texas Tech University. September 2004 - August 2005. Amount \$42,570 (through Texas Tech University). **CPI-19**

Travel Grant. Travel grant to attend the Grant Selection Meeting of the 2005USDA National Research Initiative Program - Enhancing the Prosperity of Small Farms and Rural Agricultural Communities Panel held in Washington, DC. United States Department of Agriculture. January 2005. Amount \$2,500 (through Texas Tech University). **TGR-11**
